Split Sessions

The best day camp experience at YMCA Camp Sloper is a full 2-week session, as it takes that long for campers to build relationships in a group and experience all the activities we have to offer. We do recognize that family vacations or other commitments mean that this is not always possible. For that reason, we do allow campers to attend only one week of a two week session. The policy for splitting a session are as follows;

- ONLY Traditional camps are eligible to be split, we can NOT split a specialty camp. If the camper is registered for a specialty camp when a split session is requested, they will first be transferred to the traditional camp option for their grade for the week they are attending.
- A \$30 split session fee is applied
- The session cost will be reduced to half the session rate

Wanderers Program

The Wanderers program is a half-day program that runs from 9:00AM – 1:00PM throughout the summer. We run the program in one week installments to provide the best intro to camp. This program is designed to give our Pre-K campers an introduction to a camp experience as well as get them adjusted to extended periods of time away from “Mom & Dad”. Our Wanderers will try new things everyday from, arts and crafts, group activities, swimming in Sloper Pond, hiking our trails, going down the Superslide, riding the Sloper Express and more! With smaller ratios and their own personal base of operations in the Big Red Barn, Wanderers get to grow and thrive in a safe and fun environment. **Wanderers must be at least 2 years and 9 months old by their first day of camp, and fully potty trained to enroll in this program.**

Typical Wanderers Daily Schedule

Traditional vs Specialty Camp Program

- **Traditional Camps** are those programs that offer a well-rounded camping experience. Campers enrolled in Traditional Camps will be exposed to all the activities that YMCA Camp Sloper has to offer as well as special highlights offered for each of the different age groups. As campers graduate to the next age group, more activities, choices and special events are offered. These camps are recommended for first-time campers and children interested in all areas of camp. The groups are divided by grade that the camper is entering in the new school year;

• Sloperians	Entering Kindergarden
• Navigators	Entering Gr. 1
• Explorers	Entering Gr. 2
• Pioneers	Entering Gr. 3 & 4
• Rangers	Entering Gr. 5 & 6
• Trailblazers	Entering Gr. 7, 8, & 9

- **Specialty Camps** are designed for campers with specific interests. The camper spends the majority of the day focusing on the desired area of interest with the afternoon full of traditional camp activities. **Specialty camps do NOT have a daily swim period.** The current Specialty Camps being offered every year are updated on the website and in the camp brochure. Specialty camp options are divided by Coast and will include campers from a larger age range;

- **East Coast** Entering Gr. 2-4
- **West Coast** Entering Gr. 5-9

Campers will stay with their group in ratio’s that range from 5:1 to 12:1 and move from activity to activity with their counselor. In addition to scheduled camp activities, Activity Periods can include;

- **Swimming:** The East Coast and West Coast have their own waterfronts with their own characteristics that appropriately fit the swimming levels of the age groups. Our waterfronts are each lead by a Waterfront Director who are 21+ year old certified lifeguards accredited by the American Red Cross. The Waterfront Directors lead a team of certified lifeguards. Every camper is swim tested before they can enjoy the waterfront, and there are multiple safety protocols in place. For more information on the safety protocols and swim test procedures please visit the “Activities” section in the Day Camp tab on the website.
- **Unit Period:** The entire Traditional Camp unit (Sloperians, Explorers, etc.) will gather for an activity organized and planned by the Unit Director.
- **Free Activity:** West Coast campers are given the opportunity to select their own afternoon activity. They can choose from a variety of traditional camp activities such as; arts & crafts, swimming, climbing tower, high ropes, field games, hiking, volleyball, boating, Ninja Warrior, and others.

Counselor-in-Training (CIT) Program

What is it? The CIT program is a 4 week program that is designed to teach our oldest campers the ins and outs of being a camp counselor at YMCA Camp Sloper. The first 2 weeks of the program consists of various trainings, workshops, activities, lessons, teambuilding, and regular camp fun with the intention to give them knowledge about how and what it is like to be a counselor. During the second 2 weeks, each CIT will be placed in an actual camp group to shadow a senior counselor and practice what they have learned. CIT's only get placed in Pre-K through 5th grade groups.

Who can be a CIT? Anyone that is entering their 10th year of high school (Sophomore year)

When is it offered? The CIT program is offered twice during the summer; Wave A and Wave B. Both waves are identical 4 week programs. The most important weeks in the program are the first 2 weeks of the wave.

- Wave A: Session 1 & 2
- Wave B: Session 3 & 4

How do we register? CIT's are considered campers still, so you will need to register them just like you would any other camp program by visiting the website.

Benefits of the program: This program is primarily designed to teach our oldest campers strong character values, stewardship, skills in a childcare setting, responsibility, creativity, and to provide a safe place to be themselves. They also develop leadership skills, personal values, teambuilding, and communication skills along the way. This is a great program to fulfill volunteer hours for community organizations. Candidates will fill out a CIT application, including obtaining references; just like a real job candidate! (CIT's are not turned away based on the application, it is simply part of the program)

First Aid and Camper Safety

Staff

We believe the success of our program lies in the quality of our staff. We spend a great deal of time recruiting, interviewing, and training our camp staff. Our day camp is unique because we have many staff members who work during the school year with our Child Care, Youth Programs, and Teen Programs at the Southington-Cheshire Community YMCA. In June, before camp starts, our staff participates in an in-depth training program that covers program goals, emergency procedures, group work skills, and program planning. We have specific procedures for a “lost camper”, as well as fire, severe weather and medical emergencies.

- **Outside Care Policy**—It is the policy of the Southington-Cheshire Community YMCAs that staff who meet program participants and members under the age of 18 in a YMCA program may not provide outside care services to that participant. All employees sign this policy upon hire. If there is a pre-existing relationship, the employee must obtain an “Unsanctioned Child Care Waiver” from camp or HR. The waiver must be fully completed acknowledging that the staff person is not working in their capacity as a YMCA employee and that the parent or guardian will not hold the YMCA liable for any actions of the YMCA employee while performing outside care.
- **Ratios**—Camper to counselor ratios range from 5:1 to 12:1. Wanderers are 5:1, Sloperians & Navigators are 8:1, and all other camps are up to 12:1 with most being 10:1.

Waterfront

YMCA Camp Sloper has multiple safety protocols on the waterfronts that are used every day, as well as safety drills practiced each session. During each swim period, “Buddy Checks” are called every 6-7 minutes on the East Coast, and every 9-10 minutes on the West Coast. All campers, regardless of what

camp they are registered for, are swim tested before being allowed to swim in the deeper end of the waterfront. For more information on the swim test procedures, please visit the “Activities” section in the Day Camp tab on the website. The swimmer to lifeguard ratio is 25:1. In addition, the counselors in each group swims in the water along with their group, maintaining the original group ratio even while swimming. Each waterfront is led by a Waterfront Director who is 21+ and accredited by the American Red Cross. All waterfront staff hold current Lifeguard, First Aid, and CPR Certifications.

First Aid/Injury Procedures

- The **Camp Nurse** is present during regular camp hours (8:30am-3:30pm) The Camp Nurse is a licensed RN and manages all of the medical and health needs of our campers and staff during the day, including; first aid, illnesses, medication administration, concussion management, as well as ensuring we have the correct medical forms and documents on file for each camper.
- A **local physician** is on-call and supervises our medical and emergency procedures.
- **First Aid staff member** is present each day to assist the nurse with minor injuries and routine care. The "First Aider" is certified in First Aid, CPR and Medication Administration.
- **All Unit Directors and Leadership staff** are required to be certified in First Aid, CPR, and Medication Administration.

In the case of an injury that requires further medical attention, campers will be transported to the Hospital of Central Connecticut Bradley Memorial Campus.

First aid Notification Policy–All campers who receive first aid will have their injuries recorded in the First Aid Log Book by the Camp Nurse or appropriate staff. Our Camp Nurse sees many campers each day for minor first aid treatments such as sunscreen, and band-aids. The Camp Nurse will call parents to notify them of mild injuries at their professional discretion and for all serious injuries that occur at camp.

Illness/Communicable Diseases–Campers must be healthy, injury-free and well enough to fully participate. If your child becomes ill at camp, we require that they be promptly pick up and transported home or to a medical facility within 30 minutes of being notified. Any child how has a fever, diarrhea, or vomiting, must be free of symptoms for 24 hours before returning to camp. Any child with a communicable disease must remain out of camp for the prescribed isolation period designated by the physician for that particular situation. Please keep sick campers home.

Concussion Management– If there is any sign that your camper may have suffered a concussion due to a trauma to the head, they will be removed from activities immediately. The Camp Nurse will evaluate your child and make a call home so that you can follow up with your primary care physician. Your camper will not be permitted to return to camp activities until written medical clearance from a licensed health care professional is received. For more information on Connecticut regulations regarding concussion protocols for licensed youth camps, please visit www.ct.gov/oec/camps

Weather

We operate on rainy days! Most rainy day activities take place inside different building and under pavilions. However, campers should be prepared with the proper rain gear for transitions to and from program areas. On rainy days, please send campers with a raincoat, extra clothing, and proper footwear.

We also operate on extremely hot days! On these days, we make sure campers have ample opportunity to get drinks and be in the shade. Please send campers to camp with a water bottle and an extra beverage for lunch. We also encourage swimming as a Free Activity choice on hot days.

Sunscreen/Bug Spray

- We recommend that campers apply sunscreen every day before coming to camp. Time is allotted during the lunch period to reapply.
- YMCA Camp Sloper will have a supply of Banana Boat Kids 50 SPF Sunscreen Lotion available for use during lunch. Permission to use the camp provided sunscreen is required.
- Permission is required for our camp staff to assist with sunscreen or bug spray application
- Please label all sunscreen brought from home with your child's name as it will be collected by camp staff for storage during the session. If you would like the product returned at the end of our child's session, please contact the camp office at yca@sccymca.org. All products left at camp will be discarded one week after the last day of camp each summer.
- Bug spray is not provided by camp, and must be brought from home if you wish for your camper to reapply.

Behavior Management & Positive Discipline

We believe the best way to prevent potential behavior issues are to provide quality camp programming. With engaging, impactful, and fun activities, we believe that many problems can be avoided.

We strive to build strong character values using the YMCA's 4 core character values (Caring, Honesty, Respect, and Responsibility) In alignment with our mission, all staff are encouraged to be positive role models at all times, teaching campers positive social and emotional values. After our initial efforts to positively change a camper's behavior have failed, we will contact parent/guardians for additional assistance.

Preventing and Managing Negative Behavior

- Create group rules/set expectations
- Keep activities moving-no down time
- Use positive reinforcement
- Be tolerant of certain behaviors-being annoying is not negative
- Redirect attention
- Have consequences for unacceptable behavior and rewards for acceptable behavior
- Use "cool off" breaks-take a break from the group
- Never use physical or emotional punishment

The detailed Behavior Management Policy, including steps taken for misbehaviors can be found on the camp website, ymcacampsloper.org in the Parent Forms and Documents tab.

Pick up and Drop off Policy

AM Drop off 8:45am–9:00am
PM Pick up 2:45pm–3:00pm

Photo Identification of all person's picking up is required each and every time.

- All campers must be signed out when being released.
- **Campers who are arriving after 9:30am** need to be signed in late in the camp office. Camp staff will get the camper to their group once they are signed in.
- No campers will be released to individuals who are NOT on the approved pick up list unless written permission is given by the parent/guardian, or with verbal permission from the parent/guardian with consent from a member of the leadership staff.
- All campers must be picked up by someone at least 16 years old
- Do not enter the roundabout for pick up, as this is where the buses park
- Please leave pets at home when picking up or dropping off campers.
- If a child has not been picked up 5 minutes after dismissal has been completed, the staff will contact the child's parent/guardian. If there are unable to reach them, and the child is not picked up within 15 minutes after dismissal, emergency contacts will be called. If staff is not able to contact an authorized person 1 hour after dismissal, the camp will contact the Southington Police Department for further assistance.
- A charge of \$10.00 for every 15 minutes will be added to the camp balance for continued late pick ups.

Early Pick up Procedures

Do:

Contact the camp office by 1:00pm

Plan ahead; let us know ASAP

Plan on waiting 15 mins or more if you come to pick up early with no notice

Go to the pick up tents if you arrive with no notice between 2:30pm and 2:45pm

Come into the camp office to sign out your camper

Don't:

Send a note with your camper (we only accept email, phone call, Remind text)

Give less than 15 min notice that you are picking up your camper

Come to the office to "sign out" after 2:30pm—you will be directed to the pick up tents for regular p/u

Arrive to pick up when your camper is riding the bus—this will delay the bus departure from camp

Forget your ID!

Picking your camper up from camp early is very different than when you pick up from school because they are not in one classroom all day. At different times throughout the day, the campers groups will be “in transition” from one activity area to another. In addition, they may be not easily accessible if they are hiking, boating, etc. During these times, it is difficult to pinpoint your campers exact location within the 143 acre facility. For this reason getting your camper to the office for pick up may take up to 15 minutes or more.

If your camper normally rides a bus, and you wish to pick them up instead, please call the camp office ASAP, and NO LATER THAN 1:00PM. With approximately 1000 campers here every day, we work hard to ensure that every camper is dismissed to their correct place. To accomplish this, we log EVERY dismissal change in our computer and generate daily reports informing each Unit Director and Bus Monitor of dismissal changes that they review at 2:30pm during the end of day announcements. **Buses do NOT leave camp until every dismissal area (pick up tents, buses, and aftercare) are audited to ensure that every camper is accounted for.** Please help us ensure that your change to your campers dismissal makes the reports, and does not delay the buses leaving camp.

Bus Transportation

YMCA Camp Sloper offers busing with stops in Southington, Cheshire, and Berlin/Kensington at no extra cost. We use New Britain Transportation for all of our camp busing. The NBT office is located at 33 Norton St. Plantsville, CT. If you need to contact NBT for any bus related issues, such as concerns with the driver or late AM buses, please call 860-628-5515.

- Predetermined stops have been established, and can be found on the camp website under the Day Camp Tab. **DOOR-TO-DOOR SERVICE WILL NOT BE PROVIDED.**
- We run 10 buses during Sessions 1-4, and 4 buses during Preview and Finale week. For this reason, the stop options are greatly reduced for those weeks, please make note when registering.
- You must choose your stop and register for the bus during the camp registration process. Space on the bus is limited, and may fill up from session to session. If a bus reaches capacity, you may add your campers name to the bus waitlist.
- All buses have a YMCA Camp Sloper staff member serving as a bus monitor. Bus monitors will take attendance each morning and afternoon to ensure that the campers are on the correct bus. They will also assist the driver in supervising campers.
- In the afternoon, buses do not leave camp until every camper is accounted for. To avoid delays, please avoid last minute, same day changes to your campers dismissal.
- Please allow a 10 minute grace period before and after scheduled pick up and drop off times posted. Buses will usually run late the first day of each session.
- It is the responsibility of the parent/guardian to meet their child at the appointed stop at the scheduled time each day. Buses will not wait past the assigned stop time. In the event that a

parent/guardian is not present, the camper will remain on the bus for the remainder of the route and we will contact the parent/guardian. A second attempt to drop off the camper at their designated stop will be made once the route is complete. If this is not successful, the child will be brought back to YMCA Camp Sloper where they will remain until picked up.

- Campers are expected to maintain appropriate behavior on the bus and at the bus stop. Campers are subject to removal or suspension from riding the bus based on the Camp Directors discretion.
- Wanderers are not allowed to ride the bus.

Extended Care

An extended day at YMCA Camp Sloper is offered for an additional cost and can be added as an option during registration. **Extended care is available for full weeks only. We cannot accommodate random, or single days.**

The options are

Diversity and Inclusion

Everyone is welcome!

The YMCA consists of people of all ages and from every walk of life working side by side to strengthen communities. Together we work to ensure that everyone, regardless of ability, age, cultural background, ethnicity, faith, gender, gender identity, ideology, income, national origin, race, or sexual orientation has the opportunity to reach their full potential with dignity. Our core values; **Caring, Honesty, Respect, and Responsibility** guide everything we do.

Statement on Accommodations for Participants with Disabilities in YMCA Programs

The Southington-Cheshire Community YMCAs are committed to making its programs and activities available on a non-discriminatory basis as required by the Americans with Disabilities Act (ADA).

The Southington-Cheshire Community YMCAs will not discriminate against any individual on the basis of disability with regard to the full and equal enjoyment of its services, programs or activities. The Southington-Cheshire Community YMCAs will make reasonable modifications to its programs for children with disabilities, both new applicants and those already enrolled, on a case by case basis to permit them to participate in our programs in the most integrated setting possible, unless the Southington-Cheshire YMCA can demonstrate that making the modifications would fundamentally alter the nature of its services, programs or activities.

When a request for a modification is made, the YMCA will assess the needs of the child for whom the request has been made on a case by case basis. Parents/guardians should make the request in writing to the appropriate Program Director. The YMCA will work with families to provide reasonable accommodations in accordance with YMCA policy and applicable laws. The YMCA may request documentation concerning the child's needs. Absent extenuating circumstances, parents/guardians will be notified of the YMCAs decision on the request for accommodations within 5 business days.

If the YMCA determines that they will not be able to provide the requested reasonable accommodations, the YMCA will notify the parents in writing which modification it will provide (if any) and which ones it will not provide. Pursuant to the ADA, the YMCA may choose to not provide an accommodation if that modification would fundamentally alter the nature of its services, programs or activities.
