

2025 APRIL VACATION CAMP

Dates: April 14th–18th, 2025

What is April Vacation Camp?

April Vacation Camp is all about providing a “day camp experience”...in April! We offer many of the same activities during this week (no swimming though) as we do in the summer program to give that “man, I wish it was summer” feeling.

During this week, you can expect the same great style of fun with great counselors and exciting activities. Although it may not have a specific theme, we always love to give sneak peaks into what the summer Session Themes might look like.

Who can attend?

Traditional Camp is offered for any campers who are currently in Kindergarten–6th grade
